

WANTED: TOOL DOCTORS

COMMUNITY } ACCESS } SUSTAINABILITY

Tool Doctors are the skilled craftspeople that maintain and repair our inventory of tools!

You will:

- Inspect checked-in tools and return them to active inventory
- Perform preventative maintenance on a wide range of hand and power tools
- Diagnose malfunctions and replace worn or damaged parts
- Adjust, sharpen, clean, lubricate, rewire, refurbish, and rehabilitate tools as needed
- Determine tools' operational status to ensure safe functioning
- Contribute a spirit of aloha that helps make our members' projects possible

You'll get:

- Membership in a growing tool-sharing movement
- Connection to the local community
- DIY skills and deeper tool knowledge to help bring your own projects to life
- Exclusive volunteer-only perks as you spend time with other Tooligans

Requirements:

- Desire to perform high-quality work with an emphasis on safety and functionality
- Willingness to read tool manuals and follow manufacturer instructions
- Prior experience with mechanical and electrical troubleshooting
- Positive, solution-focused attitude and strong prioritization skills
- Ability to maintain commitments and arrive on time
- Attend at least (2) four-hour shifts per month plus quarterly volunteer meetings

APPLY AT: [HNLTOOLLIBRARY.ORG/VOLUNTEER](https://hnltoollibrary.org/volunteer)

"Since joining the library I have made a lot of friends. I have learned new ways of doing something I have been doing for a long time. I have been thanked many times for supporting the library. I have learned some new skills and techniques. I have expanded my knowledge of all kinds of tools. I have done a little bit to reduce pollution of the earth and most of all I have produced some good Karma for myself and others."

- Stan W.
